

RM CC

Modular fuse holders

for industrial class CC fuses

Fuse protection

new

The solution for

- > Distribution boards
- > Motor and Control circuits
- > Transformers protection
- > Measuring devices and multi-function meter protection

Strong points

- > Improved safety
- > High breaking capacity
- > Specific format and accessories
- > Label holder

Compliance with standards

- > UL 4248-4

Function

RM CC are modular DIN rail mounted fuse holders for UL Class CC fuses. They are available with and without LED indication in 1, 2 and 3-pole versions. RM CC fuse holders are IP20 protected from touch by fingers and provide safe breaking and isolation of electrical circuits up to 600 V / 30 A.

Advantages

Improved safety

- Omnipolar and simultaneous disconnection.
- High dielectric strength. Protection IP2X.

High breaking capacity

Protection against overloads and short-circuits thanks to high breaking capacity fuses (200 kA rms).

Specific format and accessories

- Modular 45 mm cut-out design.
- Padlocking accessory available.

Label holder

- RM CC are equipped with a label holder for an easy circuit identification.
